

**Some Healthcare policies  
can be hard to swallow...**

The complexity of some health insurance products can be a real headache for you and your SME clients and may leave a very bitter taste when a claim arises.

Which is why we developed *Santé by Groupama Healthcare*, a comprehensive new PMI product that we think is just what the doctor ordered.

We've kept the policy simple and easy to explain but have still made sure that it offers high levels of cover with a wide range of optional extra features.

Reassuringly, *Santé by Groupama Healthcare* is brought to you by an insurer where good customer service comes as standard. We want to be easy to do business with and we care just as much about your needs as we care about your clients.

All of which is a refreshing tonic - and means that *Santé by Groupama Healthcare* is one of the sweetest health insurance solutions around.
